Children/Grandchildren: 2 children, 3 step-children, 7 grandchildren, 1 great-grandchild with another great-grand due in September.

We’re healthy and happy and that’s always a plus! Our kids and grandkids live in six different states and there’s a lot of flying here and there to visit with everyone. I take the most pride in our kids: I can’t imagine life would be so full and rich without them. Working as a patient advocate was the most rewarding work I’ve done and hot air ballooning was the most fun. We now live in Florida where my husband works in the aircraft industry and I’m the full time caretaker of our aging menagerie of pets. For fun I play with photography, writing and painting. I’m so sorry I’ll miss the reunion. Have fun!

It’s hard to believe that 40 years have pasted! I am so fortunate to keep in close contact with dear friends from Central years-my YA YA Sisters- you know who you are!

The very best of these years have been spent raising my children: Carol is a Chiropractor in Arizona, Michelle has a Masters in Psychology and is a counselor in Omaha, John has completed his first year at University of Nebraska at Omaha in Criminal Justice, and Matt will be a Junior at Millard North.

My husband John and I celebrated our 20 years of marriage by going on a Baltic Seas Cruise last July. We enjoy pretending to be retired on our days off together by going out to eat, taking in an afternoon show, visiting wineries, or traveling which ever way the wind blow us. Who says your matured years can’t be fun?

I've done so many different things and lived many places in my adult life from Chicago to Marin County, CA to Omaha to, finally, Woodland Hills in the LA area for the past 20 years. I've had many jobs from a Game/quiz show writer to a research assistant to ghost writer to high school journalism teacher and now a Body Harmony Practitioner/Teacher for the past 11 years which has taken me all over the world (bodyharmony.org). Craig and I have 2 grown sons, and marrying Craig was the best thing I've ever done - 27 years. I also paint as a hobby and have had several local showings. Of course, life has its ups and downs, but I have been blessed by a great family and good friends. You might remember me as a blonde, but now I'm a redhead. What I remember most about high school was that I thought everything was hilarious. I was silly. I laughed at everything - and still do. Thanks for being my classmates, you all taught me a lot about life - every single one of you.

Even though I wasn't very active at Central, I have fond memories of my time there and the field day that there. I was fortunate enough to move back to Omaha in 1986 and have lived here since then. It's great to run into former classmates. Omaha has changed a great deal in 40 years, but Central is still a terrific school.

We have enjoyed living in Maryland for 33 years. We are very proud of our three children who have become awesome adults. Rebecca, 29, works as a Nurse and is working on her Masters’ Degree in Nursing at Johns Hopkins in Baltimore. Michael, 26, is having fun with outdoor hobbies and works for an Environmental Agency. Christopher, 24, is an Auditor for the Department of Navy in D.C. We love our home and are both working on downsizing our “day” jobs. Mike works for the Public Schools and I work as a Reading/Math Resource teacher. We welcome friends and family from Omaha anytime.

I have been the Administrative Assistant to the Principal at South High School for the last 5 years & my husband is Maintenance Mechanic at Herman Nuts / Pears Coffee. I have 2 grandchildren, Hanneman who is in 2nd grade & Addison who is 5 & in kindergarten at Jefferson Elementary. They live close so I can really enjoy them. My daughter Tara is the Administrative Assistant to the Warden of Omaha Corrections Center; my oldest son Scott lives in Council Bluffs & works at Mid-America Power; & my youngest son Ryan is Level I Help Desk Supervisor at PayPal in Omaha. He spent 45 days in Shanghai China last year setting up the Help Desk there.
After teaching for 31 years a buy-out was offered, so I retired in 2003. Now I work part-time teaching software programs the school district has purchased, to the teachers who will use them. I also am co-owner of an educational consulting business. We travel all over the state of Arizona helping teacher’s use the standards for which they are responsible.

Soon after I retired I was burned in an accident, which luckily did not involve my face. I spent a month in the Burn Center and the better part of 2 years recovering. It was truly a life changing event for me, but I have a new found joy in life and my friends and family.

My fondest memories of high school are my friends, orchestra, and as a Road Show manager.

I graduated from Grinnell College (Economics) and got an MBA from the University of Chicago (Accounting) and a CPA certificate (Illinois). I have spent 35 years as an accountant and controller in small and large companies in Chicago.

I have lived all over the U.S. from NYC to L.A., Atlanta, Chicago and Las Vegas. Somehow I ended up back in Omaha. I have had several careers—currently I do work for the State Workers Compensation Court. I play tennis, swim, boat and I am passionate for my Yorkies.

Hard to believe it’s been 40 years. But the numbers add up—4 years at Creighton; 2 in the military; 5 in grad school in Lincoln and 29 living in the Puget Sound area. No wonder I gripe about Omaha in August. I live where people think 75° is hot and below 40° is cold. And you can’t get enough sun to turn the moss brown, let alone grow a tan. So 29 years out west with 16-1/2 working for The Boeing Company. So I’ve taken my chemistry background and changed careers into the Health, Safety and Environment field. When I have spare time I pursue interests in photography, wine tasting, walking, reading and writing. I’ve even entered the Bullwer-Lytton Fiction Contest this year. (Don’t worry, it only sounds impressive). And since I’m not responsible for spouse and children, I’m considering early retirement in 4 years so I can work on a personal goal of visiting all 50 states and all national parks. So something proud and thoughts for the future. Can they both be Central High School?

It’s been a fantastic ride so far. Wish I had another 40 to go! Joined the Army immediately after graduation and spent over two years in southeast Asia. Returned to Nebraska, earned my BS in Civil Engineering, got married, earned two MS’s in different Engineering fields, raised three kids, moved to St Louis, moved to Tampa and now looking forward to retirement. Unfortunately the kids are scattered—the oldest (our son) is in his last year of residency in Columbus Ohio as an ER doctor, our oldest daughter lives in Chicago, and our youngest (also a daughter) lives in Sheboygan Wisconsin. All three are happily married but way too far away for Grandma and Grandpa to visit very often. I have fond memories of Central and my high school years and wish everyone the best.

We're looking forward to the Class of '66 Reunion. After CHS I went onto NU and graduated with a BS in Family & Consumer Sciences (=Home Economics). Taught in Omaha for 2 years and have been involved in FACS either part-time or full-time since then: the last 11 1/2 years I have been working as a nutrition educator for the dairy industry here in Indiana. John (CHS '66, too) and I married in '72 and have lived in numerous places due to his jobs. Have 2 great kids (see John's bio) and have been making it thru life's ups and downs with lots of FAITH, family and good friends!!! Our best to everyone and email us at: jdhaußmann@sbcglobal.net if you want to stay in touch.

Hi Folks! 40 years? It doesn't seem possible, but then it doesn't seem like I've been doing "here" since our 4th grade year at George W Norris either!!! My biggest accomplishment in life is staying true to myself. In the future I would like to write a book about this journey called life, but the credits would be longer than this.
After CHS & U of A I came back to Omaha to marry my childhood boyfriend, Steve Luttbeg. I became a Teacher at CHS. The teachers who taught us became my colleagues! I was a better teacher than a student. I left CHS to start the Girls Club of Omaha which became one of the top after school programs for girls in the Country. In 1976 we had our son David, lawyer and now a full-time poker player. In 1978 our daughter Lisa, a Peace Corps worker in Nicaragua – now a social worker in Santa Fe, NM. We moved to San Diego in 1978 where I am a full time sales rep and community volunteer.
After thirty-six years of marriage, Mary Laura (Young) has straightened me out and eliminated most of my bad habits (all of which I attribute to Fred Klein). We have enjoyed raising our family and living in Omaha. I am busy with my law practice and am looking forward to the reunion.

Another 10 years and life is good. I have recently moved my dental office to a beautiful new facility in Mequon after 16 years at my previous location, and I hope to continue practicing for quite a few more years. My wife, Barb, has been a professional organizer for about 8 years now and loves her work. She has appeared on the Dr. Phil Show. Our biggest joy in life is visiting our 2 grandchildren in Dallas. We can’t seem to get enough of them—just wish they were closer. Our son, Jay, has just gone onto his own to form a new emerging media company called Goodway 2.0, and our daughter, Lori, is now Director of the International Department at Illinois Institute of Technology in Chicago. Barb and I still love traveling and have been to Europe, Alaska, Mexico and the Caribbean. Being a Green Bay Packers fan, I have followed the career of former Central High standout, Ahman Green. My #1 sports interest is baseball. I’m a big Milwaukee Brewers fan and I organized a fantasy baseball league 17 years ago that is still going strong. Best wishes to everyone. Wish I could be there.

Life is good! My husband, Bill and I just celebrated our 25th Wedding Anniversary.
Our new home is on the 13th hole of an adult Country Club Community outside Denver.
We still work together owning an Executive Recruiting Business. We have 2 adorable Bichon Frise—Henri and Abigail—our kids!
Wish I could attend the reunion but unfortunately I am scheduled for a full-knee replacement in July. I know it will be a great reunion!

I have my own family law practice and my husband curates leukemia (a fun couple: divorce & cancer). After 20 years in NYC (which included professional theatre 2 opera companies & a stint as a “Jeopardy” Champion), we moved to Richmond when Mark was 2 to give him a nice life. Mark is now 30, and where does he go to college? Yes—NYU! There is no justice. I still sing around town, but mostly I perform in courtrooms. Strangely, I still feel 17.

Life has been wonderful! I taught for 32 years in the Millard School system, everything from Kdg. to 6th grade. Last year, after retiring, I missed teaching so much I became a full-time sub, working over 150 days during the school year. I enjoyed the challenges of middle and high school classes more than I thought I would! My kids are grown and married and happy...living in Omaha. No grandchildren YET! After a 28 year marriage dissolved, I have found a new sense of independence and adventure inside myself I never knew existed! My hope for the future...love, good health and an abundance of new and exciting experiences for myself and my loved ones! Best memory of the past 40 years...every day! Life is good!

Life has been most interesting. After graduating the university and marrying I find myself living in Lincoln, NE. It could be 600 miles from Omaha instead of 60 – out of Omaha is out of Omaha. My husband and I operated a family owned drug store for years. After that my career changed. I was a phone room manager for a chain of Nutri-Systems, placement manager for a staffing service, owner of a catering service, and cancer fighter. The later is where I am now. I find myself deeply involved in trial studies and fighting for a cure for renal cell. We spend a lot of time in Rochester, MN at the Mayo clinic. It has become our second home. I have also been an active volunteer – everything from President of the parent group of our son’s fraternity to President of our congregation, to my latest endeavor – volunteer with the upcoming Senate campaign. What I carry with me everyday from my education at Central is the ability to write and speak well. The English department was/is absolutely top notch.

I have been married to my high school sweetheart for 37 years. We have two children, David and Christine, who are both married and each have two children. Our family moved from Omaha to Texas 22 years ago. We have a house on an acre in the country. (It’s true the stars at night are big and bright in Texas) We still have siblings in the Omaha area so we get back from time to time. My husband is retired from the USPO and I hope to retire in a year or two. We make several trips a year to California where my daughter and her family live. Our sons lives closely.

Best wishes to all on this grand occasion! Maybe by the 45th or 50th we’ll have the extra time we thought we’d have now.
I have worked for Blue Cross Blue Shield of Nebraska for 20 years. Currently I am the Board Resource Administrator, working for the Chairman of the Board and the other directors, developing meeting agendas, planning various annual out-of-state meetings and supporting the directors on corporate inquiries. Previously I was the Executive Assistant to the CEO, and I still do a number of tasks at the direction of the CEO. Bottom line – I am the gopher! My husband Dave passed in 1997, and I have finally decided that maintaining the old homefront is too much of a burden, so I will be moving sometime this fall to a townhome being built at 15472 Jaynes Circle, 68116. I am looking forward to spending less time in the yard, and more time with my grandchildren. I love to travel, went to Ireland a few years ago, and will be returning from Halifax, Nova Scotia just a few days prior to the reunion. I cherish the lasting friendships with some special ’66 grads and look forward to reconnecting with all of you.

Hi all! I am still dancing! I’m on the faculty of The Cincinnati Ballet Company and Northern Kentucky University. My dancing has taken me all over the country...as I am best recognized as a Liturgical dancer (dancing in the Catholic church). So far I have had 5 choreography books published and produced a CD ROM with Oregon Catholic Press. I do a lot of traveling, giving keynotes and workshops at most all of the major Catholic conventions. I’m working on a book “Prayer In Motion”. On the side I model. Recently, US Bank, Coleman, and Healthy Choice. (Soon you can pick me up in the frozen food dept!) Elke, my oldest is in International advertising with BBDO Chicago, Eric is in business with my husband (multi-family investment company), and Essa just graduated from Miami University.

After 36 years (Secret Service and FDA) I am still doing the same thing here in Chicago. We have 3 kids (all grown and working) Chris, the youngest, has his own trucking company and Brooke (oldest) works as his business mgr. Jason (Central High grad), graduated from UNO and is now a Special Agent with Immigrations and Customs in Chicago. Jason is getting married next year. We enjoy traveling when we can and are in the process of building our “final” house near South Haven, MI. We both hope to hang it up in the next few years and enjoy the beach and golf. All in all, we can’t complain.
Lucky me- I retired as Executive Director for Rotary after 25 years—entirely too much dedication to a job!!!!
Rog’s Surveying Company celebrated 25 years in ’05 and he, along with two of our sons-Jon and Jeremy continue measuring in 5 states. Our eldest son-Chris lives in Phoenix and works for Roger Stabauch in property design.
Our grandchildren number in 7-4 boys and three girls ----Rex, Sid, Jenna, Ella, Chase, Kate and Leo (our cupid, born on Valentines Day this year). Truly a joy—should have had them first!
For Fun, besides sitting and sleeping in our lounge chairs in front of the TV, I enjoy bridge and quilting. Rog joins me in bowling and solos with golf.
As long as Tylenol, icy Hot, Hot Tea and Beer, and Hot baths hold out, we will continue to motivate!!!!!
Omaha remains a great place to keep our feet planted!

This coming year I will have been married 27 years, worked in real estate 24 years, be the next president of our synagogue as well as incoming president of the American River Parkway Foundation. I cycle whenever I can, watch selective sports, read whenever I find a good book—mainly American History. Don’t drink or do drugs -- so what the hell happened to Jerry — now you know- time cures most ills or kills one off. Best to you all and I would love to hear from old friends. — all the best- Jeremy

Many thanks to all who supported me during this crisis, all your thoughts & prayers worked! Thank you!! Life's been pretty damn good to me & I appreciate everything.
Life is good! My wife, Nancy Otis Knight and I are the proud parents of two great kids. Mark, 28, is married to Melinda Cerney Knight. They live in Bellevue, Washington where they both work for Microsoft. Their work has allowed them to travel the world. Karen is 25 and is a spunky third grade teacher at Oakdale Elementary in Omaha, where she attended grade school. Karen is engaged to Patrick McIntosh a dental student at UNMC. Karen and Patrick plan to marry in December of 2006. My wife Nancy plans on retiring this coming year and we plan to travel while waiting for grandchildren. There is so much to do and so little time to do it.

The past 40 years have flown by and during our 35 years of marriage Wayne and I have been lucky enough to experience the joy of raising three loving, caring children. They are all adults; two (Kirsten and Ryan) are married with children of their own, living in Kansas and Illinois respectively. The youngest, Erika, works and lives in Vermont. Having lived in and visited other parts of the US, we both agree that Omaha will remain our home when we retire. The future for us ... travel, explore, experience new things, do more volunteer work, and continue to have the attitude that "You are only as old as you feel!"...

Grandchildren: one grandchild, Andrew, aged 1. I graduated with a Bachelor's in Math in 1970 (with profound thanks to Miss David and Miss Pratt). In 1974, I married Benson '66 graduate Bill Bridgmon and completed my Master's in English (with profound thanks to Mrs. Newens and Mr. Daly for a firm grounding in literature, critical thinking, writing, and grammar!) Memories of Central: riding to school every day with childhood friend Elaine Meyers; sharing a locker with Kathie McCall; freezing/roasting with Pep Club at the football/basketball games; hearing the announcement in 7th hour study hall that President Kennedy had been shot; kneeling in front of J. Arthur to see if our skirts touched the floor (Are you getting this visual?); acting out Man from Uncle scenes between classes with Lisa Shapiro and Jan Norton (Nort); celebrating Lisa's 16th birthday when The Beatles appeared on Ed Sullivan; TP-ing and being TP'd; meeting my future roommate Merrilee Moshier (applying lipstick with a brush in the 2/3 west landing restroom). You were and are all wonderful classmates; I remember you all, and I am honored to be one of you. Don't step on the C!

Son Justin and wife Sara and 2 little ones, Alex and Abbie, live in Fremont where Justin and Sara are educators and Justin coaches tennis for Fremont High and Midland College. Daughter Kendra is in public health administration and lives in Ft. Collins, CO, with her partner Tom, another educator. All 4 young adults with masters degrees and fine examples of how an excellent education can prepare you for life. I've enjoyed reading how everyone is doing and how proud you are of your families, how so many of you are excited about the new adventures waiting for you in the years ahead. We look forward to seeing those of you who can attend this reunion, and wish the best to everyone!

40 Years! Wow still single. Retired 3 years ago. Not what I expected. Find I have much less time now. So much to fill the days with. Lots of travel. Mexico, Australia, New Zealand in October. Tried to hike the Appalachian Trail last year. Only made 400 miles before my knees gave out. Love to explore America. Did a 5000 mile road trip in June. Followed Route 66 for a while. Looking forward to seeing everyone. Life is good.

I am sorry I am going miss the reunion this time. I hope to make next time. I have a lot of fond memories of Central High and I have appreciated the education I received there. 40 years has gone fast. I once heard that life is like a roll of toilet paper. The closer you get to the core, the faster it goes. I am finding this to be very true. My daughter, Jill, graduated from Univ. of Cal., Davis and is working at a veterinary hospital. She recently married a year ago. My son, Russell, graduated from California Culinary Academy, San Francisco, CA and is working as a Sushi Chef. My wife has been working for IBM for over 30 years and wants to retire. I have working as a Manufacturing Engineer for a small contract manufacturing company. I haven’t been doing much except enjoying life in California. This is a general over view of my life for the last 40 years.

Elisabeth Miller Weber (CHS ’97) – expecting baby #1 in November. Julia Miller (CHS ’01). I’ve been blessed with a mostly peaceful, predictable life that is still full of my kind of adventures and challenges. As we look forward to our 30th anniversary, we are also eagerly anticipating our first grandchild, unfortunately far away in Texas. Our two daughters are/were mostly worry-free and are out of college and employed – surely one of life’s greatest blessings! They are starting their own careers in challenging fields, Elisabeth an environmental scientist in Ft. Worth, TX and Julia a political organizer in St. Paul, MN. John’s job and my job are both still interesting; the thought of retirement is still on the far horizon. When? Where? Then what? We are and have been lucky.

It is good to be in Omaha again, enjoying time with family, long-time friends and new friends and renewing friendships as well.

It's hard to believe it's our 40th CHS reunion! Life is good! Larry and I celebrated our 36th anniversary in June. Mark (31) lives in Kansas City and will be getting married in October. Joel (22) lives in Phoenix and got married this past December. We're looking forward to grandkids next year and hopefully retiring in a few more years. Hope this finds you all well and "maturing" gracefully. Looking forward to seeing many of you at the reunion. Judy
Gail (also a 1966 Central graduate) and I cannot believe that it has been forty years. We both recently retired. Gail owned a travel agency in Boulder and retired about a year ago. I retired this past February from the Boulder Sheriff’s office after 30 years. Of course, we are most proud of our two kids and the people they have become. We are looking forward to the next part of our lives.

I have many, many wonderful memories from the past forty years. My best memories are the experiences I have shared with my family. When I graduated from Central, I was offered a trainee position with the San Francisco Ballet. I also spent a summer studying with the American Ballet Company in New York. I graduated from Butler Univ. with a degree in Dance, and performed with Butler Ballet touring company. After Butler, I taught dance and preschool at a Recreation Center. Preschool was so much fun, I decided to stay for over 30 years! I have been married for 33 years and have two great children. We have spent many holidays, birthdays, and vacations with our families. The best of times!

My recently-retired husband has been enjoying a year of travel and thinking about what next. Victor is the child who reads (English major in college, now a semester left at Michigan Law) and Helen is the child who travels -- college academic programs in Spain and Bangladesh, and a semester at the University of Havana. Dick and I took advantage of the brief window for educational travel licenses to visit her in Cuba for a week in 2002. Best vacations: the Oxford Experience in 2003 and 2005, spending a week at Christ Church studying the history of cathedrals and English church architecture. It has inspired trips throughout rural England in search of the “thousand best” examples. And I try to keep up with three book clubs!

This marks my 33rd year in Arizona what I lovingly refer to as 'God's Country.' I have just started my 23rd year in real estate & perhaps am enjoying the business now more than ever! The 2 loves of my life are my bichons, Spoodles & Murphy! I am devoted to my family; my adorable mother who was just 94 & in great shape & my older brother who lives in New York. I am passionate about cooking, reading & swimming (2/3 mile day & mile on weekends!) I love traveling & spending August in our family home in Tennessee (built in 1865 by my great, great, great grandmother.) I am fascinated with architecture and spent one year restoring our family home in Tenn. This past year, I started 'gutting' my home inScottsdale (did the kitchen in 3 weeks which was a major accomplishment because I did it right before Christmas!) I can't believe it's been 40 years!! Maybe I'll get to one before we're 90! Have a blast!!!
After rereading all of the past personal summaries, I realize how very fortunate I am to be married to the same wonderful man all of my life. Our 2 children have blessed us with 3 grandchildren. Hopefully, Sir Fur and Lady Fur (shelties) will give us pups in the fall. I just retired this year and have already experienced how busy you can be when you have all the “free time”. Above and beyond my Master +60, I graduated from Clown College and have enjoyed volunteering for a local hospice and serving others. Nothing I have or achieved is by my own doing, but through the power and guidance of my Lord and Savior Jesus Christ. My desire (prayer) is for each of you to know him personally.

Our daughter, Molly, an RN in Austin, is happy about the move because we get to see her and her boyfriend quite often. We love this as well! As a consultant with Gallup, I travel quite a bit—mostly in the US, but some outside. I’m working with organizations to assist them in the selection and development of employees and leaders by utilizing their natural strengths and talents. Rick is back in the world of tax consulting and is enjoying the challenge of building a practice. Parkinson’s stinks, but God has been right with me and I’m doing well. Mark finally got me to leave Wahoo. I teach 3 high school classes at LCS now. The kids are great: they simply ignore my twitching and let me teach! I still walk/jog and lift and lead an exercise class for LCS teachers.

**Best Memories?**  
*My Wahoo Cross Country guys won state in 2003.*  
*I was my daughter, Phoebe’s, Lamaze coach.*  
*Playing croquet with the whole family. (Our kids, their spouses, the babies—I love it!) God has richly blessed these past 40 years since high school.*

So much time (40 yrs) so many memories, where to start. I have worked for Kiewit construction for 32 yrs. Best memory was meeting Jackie (Kiewit -17 yr) and marrying her in 1988. In 1993, myself and two other Kiewit people purchased a golf course, which quickly turned into 3 golf courses. What started out as fun turned into a nightmare—too much competition in Omaha. Sold out in 2005. I hang around with some of the old Washington School/Norris gang.

I am currently the Director of the Office of Sponsored Programs & Research at University of Nebraska at Omaha (UNO). After spending 30 years of my life raising 4 wonderful children, who have become my best friends, it was time for something different. In 2000, Paul and I moved to Shanghai China. Paul and a Chinese-American started a fermentation business making a diacids. It is used in automotive paint, toothbrush bristles, antifreeze to name a few products. We love living overseas. It has been a great experience, from learning some Chinese, finding foods we are used to at the grocery store without English, learning where western shops and restaurants are located, learning to bargain, taking trips around China to tourist spots and out of the way spots, traveling outside China. We enjoy biking around the fast fading older neighborhoods to watch how the average person lives. We weekly enjoy body massages, hair washes, foot massages, facials, manicures, and pedicures. Shopping is cheap, apartments can be expensive, taxis are cheap, traffic is congested, subways are faster, bicycles are better for exploring. Old China is still there to experience, but in Shanghai is disappearing rapidly. Plan to visit, you will love the people and the countryside.
